

## **Children's Clay Modeling Project Final Celebration Event This Saturday**

Just a reminder to all families who attended our Children's Clay Modeling Event at Greyladyes Art Foundation, we are hosting a final celebratory event this Saturday 6th February at 12 o'clock. We are inviting the children to come back to the chapel and exhibit they're fired clay figures around the chapel for a small opening for the local community. The children will be able to take they're clay figures home with them after the event. Refreshments provided.

**Gaf would like to invite Gaf trustees & staff, friends of Gaf and local families/residents to see the results of the children's hard work during the project supported by Find Your Talent, at 1 o'clock on Saturday.**

Look forward to seeing you all there.

## **Forthcoming GAF Events**

### **Edwardian at Saturday 20 February 2010, 7.30pm GAF Art Centre**

Pianist and comic actor Michael Lunts and international cellist Melanie Dennerley will travel back in time in music and costume to the early 1900s with suitable repertoire and period references. The Titanic has recently sunk on its maiden voyage and the Suffragettes are making their voices heard throughout the land – how appropriate, if a little daring, to have a female cellist presenting the programme. The cello has become a very popular solo instrument and Saint-Saen's The Swan, Mendelssohn's Song Without Words and Elgar's Salut D'Amour will all be played in this nostalgic and witty musical evening. Comic songs will also feature and there will be references to the centenary of the Greyladyes Bells.

Tickets are 12 guineas (£12.50) and can be obtained from [info@gaf.org.uk](mailto:info@gaf.org.uk) or [susanosmond@hotmail.com](mailto:susanosmond@hotmail.com) or 023 8040 6604 or 023 8040 4649

## **Opera Dudes - 10 April - Village Hall**

The Greyladyes Arts Foundation Spring event is 'The Opera Dudes' on Saturday 10 April 2010 at Bursledon Village Hall, Long Lane. Tim and Neil are both classically trained tenors with Tim also a classically trained pianist. They have great fun with the fact that they are from very different backgrounds - one is an ex builder from the north of England and the other is a former Cambridge scholar. The repertoire includes opera, swing, funny stories, a classical piano solo, a daft piano duet in the style of Morecambe and Wise and much more.
